SUBJECT: Second Extension of Water Shortage Order No. SWF 2010-022

Dear Local Government Official:

During its meeting on October 25, 2011, in response to a disappointing rainy season, the Governing Board of the Southwest Florida Water Management District (District) ordered another extension of the existing Modified Phase I (Moderate) Water Shortage declaration.

The Water Shortage Order first went into effect on December 1, 2010 and, as previously modified in July, would have expired on October 31, 2011. The new expiration date is February 29, 2012; however, the Board may revisit this matter at any time if drought impacts to regional water resources improve or worsen significantly before the new expiration date.

If you need to refamiliarize yourself with the restrictions and other requirements that were included in the Water Shortage Order, please visit the District's website ([www.WaterMatters.org](http://www.WaterMatters.org)) and click on the "Water Restrictions" image or contact its Water Shortage hotline (call 1-800-848-0499 or e-mail [Water.Restrictions@WaterMatters.Org](mailto:Water.Restrictions@WaterMatters.Org)).

Sincerely,

Blake C. Guillory, P.E.  
Executive Director
